Mrs. H. H. Hest, Nevada, arrived in the city Saturday, and will be the guest of her mother, Mrs. Hest, 1100, 11th street, for a fortnight.

Mrs. Hest, accompanied by Mrs. Dennis and Master Raymond Hest, left on Saturday morning for the Premier office in Winnipeg, from where the party will go to Europe for a two month stay.

LOCAL COUNCIL OF WOMEN.

The regular meeting of the Local Council of Women was held in the Y. M. C. A. building at 5:30 p.m. on Tuesday, the 26th, with Mrs. C. H. in the chair. The attendance was most satisfactory. The following change was made in the constitution: That the members of standing committees be nominated and elected in the same manner as the president and other officers; and that such committees choose the other members of their committees with the aid of the executive, within two weeks of the annual meeting.

Mrs. E. J. Saunders, convener of the health committee, reported that steps were being taken to have the health committee of the local council co-operate with the board of health in all efforts concerning the welfare of the city. It is hoped that lectures may be arranged to be given to the mothers in the different parts of the city by doctors and trained nurses on infant sanitation and all matters connected with the health of the home and family. The school rooms were suggested as suitable meeting places. Mrs. W. A. H. Kery gave an interesting report of the National Council meeting at London, Ont. She paid special attention to the efforts which were being made to improve the traffic in women and the report of Mr. William C. Smith, secretary of the National Council, regarding the subject.

The Local Council passed a resolution to take up this work as far as possible, and a standing committee on "social moral standard and prevention of traffic in women" was formed, with Mrs. Portner as convener.

A resolution of thanks was passed to Mrs. Hest, for her kindness in taking charge of the supper arrangements at the "City Council" given to the Duke and Duchess of Cambridge. Mention was made of the address which the Local Council presented to the Duchess of Cambridge, on that occasion, and which was read by Mrs. E. J. Hest, corresponding secretary.

Mrs. E. J. Hest, D.M.S., M.P., recently

appointed chief librarian for the unincorporated area, addressed the Local Council of Women at the Public Library and the Club.

He made a statement of library matters in the city, outlining the scope of the work to be undertaken. The widening of the library horizons was to be regarded as one of the marked features of modern education. During recent years the production of books for young people had enormously increased. Most of the libraries on this continent had made commendable efforts to meet the demands made upon them for children's literature. The use of the children's department, the story-hour, the co-operation of librarians, teachers, parents and social workers, were all commented upon.

Particular stress was laid by the speaker upon the importance of having proper regard for the status of the mental and moral development of the child, and the claim was made that perfect childhood is the best preparation for perfect manhood or womanhood.

ERROR CORRECTED.
Pence, Oct. 26.—An error has crept into the issue from the organization of the International Farm Women's Association at Leithbridge.

As reported, it is stated that Mr. E. J. Hest, editor of the Farmer's Wife, a monthly journal published at St. Paul, was elected secretary. It was Mary Allen Whelan, named editor of that journal, who was honored with a continuance of the office which she had most successfully occupied during the past four months.

ENTERTAINMENTS

GOOD VAUDEVILLE BILL.
About half the number of holiday makers that tried to see the excellent vaudeville bill at the Empire theatre at the two performances yesterday were able to be accommodated. Hundreds were turned away from what proved to be the most popular bill yet offered by the Orpheum circuit.

Goldsmith and Hope stilling themselves "commercial drummers," were the bit of the day with their screaming joke-act and clever manipulation of the various kinds of musical instruments. The crowd began to grow, stamped the floor, and threatened to break down the doors. There were two fun makers apparently were not allowed to add to their list.

The Forensics singing provided a delightful surprise. Excellent voices, pretty costumes and novel songs such as selections from "Lads," "Truants," and others, appeared broadly to the audience. If there is any criticism to be offered it is that

the eight songsters are so used to singing their selections that they forget to watch the ladies' faces with the result that occasionally there is a look of anxiety in the ranks.

Adrienne Augarde amply lives up to her reputation. She has a charming little sketch, "A Matter of Duty," describing her successful efforts to save the common man, and she sings a dainty little song in a delightful fashion.

Ed. Morton sings some songs that are very funny and he makes a big hit with the crowd. Mr. Pym from Loyal, proves to be an excellent vaudeville act. The Tipping Martins, in a double trapeze act, and Herbert's well trained dogs and cats complete the bill.

PAUL GILMORE IN "THE HAVOC."
The offering at the Empire theatre last Thursday, Friday and Saturday night by Paul Gilmore in H. R. Sheldon's drama, "The Havoc," would prove something of a welcome change to theatregoers who have had their fill of musical comedy for the time being. Mr. Gilmore is one of the few persons on the stage of whom one can safely prophesy, a powerful and successful interpretation of whatever takes in hand.

In his capacity as manager, moreover, he never fails to satisfy with a careful and intelligent production. Much has been said of Mr. Sheldon's play, "The Havoc." The young actor, "The Nigger," "Salvation Bell," "The Nigger," etc., has some excellent work to his credit already and critics who have seen the present play seem generally to consider that it ranks with the best of his other dramas.

The story built around the character of Richard Craig, a brilliant American railroad man, Craig has been wronged by a treacherous friend, a guest in his house. He revenges himself with cold schemes which finally crushes his enemy once and for all. It is said that both in the play and in the production of the piece and his own acting of Craig, he touches a beautiful realism which he has never before reached.

TWO CAPACITY ACTORS.

The dramatic day will certainly be long remembered at the Lyceum as the largest house in the history of the theatre greeted "Fate Out of College" at both the matinee and evening performances, and so many large crowds were pleased, is putting George Ade has written a play that is just what theatregoers of the Lyceum want and they showed it by their frequent outbursts of applause and screams of laughter. There is just enough plot with the comedy coming in at the right moment to please everyone.

The production is by far the most perfect yet attempted, and the different scenes, on showing a new and different house, all decorated for a reception, the campus, and the library of the chapel are splendid. Jack Westerman, as Billy, the coach, is the star of the week, and it would be hard to imagine any one being better in the part than he. Mrs. Russell, as the fair coed, is delightful, and the new member, Mr. Manning, is a fine looking chap with an excellent voice. All the rest of the company are seen to advantage.

"Fate Out of College" will run this week with a matinee Wednesday and Saturday.

Miss Eva Mylott

Coming Here Soon

Noted Australian Contralto Is To Appear in Concert Work in Edmonton This Winter.

Miss Eva Mylott, who is shortly to appear here in concert, was the recipient of the most distinguished honors on her visit to her native land, Australia last summer. The home coming of Australia's famous contralto was a great event, of which even the government took official notice.

When the R.M. "Makura" steamed into the docks at Sydney, the ship was gay with flags from bow to stern. Captain Gibbs, recognizing the importance of the day, had ordered the "Makura" to be decorated in honor of Miss Mylott, and the flags remained aloft until the vessel sailed.

The distinguished singer was welcomed by the Minister of Education (Mr. C. A. Carmichael), the Minister of Agriculture (Mr. J. T. F. T. F.), the Governor of the Commonwealth Bank, the Lord Mayor and other officials, as well as by hundreds of old friends. In fact, Miss Mylott was beloved immediately the people from the shore were allowed on board.

In an interview granted the musical critic of the Sydney "Evening News," Miss Mylott remarked that in Europe, Canada and the United States she appeared before the most select and critical audiences and many nights in every all the finest concert halls throughout the world.

Miss Mylott also said: "I have always found plenty of kind friends and sincere appreciation, especially in Canada and the United States, and these audiences must respond. There is no difference of opinion among artists as to the musical taste of the American people, but they have always given me such a good reception, that of course I think their taste is excellent. With reference to an American tour, a specially arranged one, both socially and professionally."

After a delightful visit to the artist.

gal cities of Australia, where she gave

concerts. Miss Mylott returned to the new world for her winter season. This will include a tour of Canada and the United States the first concert to be given on November 1st. From this date, she has engagements to the end of March next year.

Miss Mylott has made a complete success of her Canadian career. Blessed with a most charming presence and a glorious voice she stands out as the world's best teacher and faithfully fulfills the duties of her position. Her most popular and most sought for concert, the concert given in London.

Her repertoire includes all the well known operatic as well as a rare collection of the classics in French, German and Italian as well as English.

STAGE SUPERSTITIONS.

Mrs. Naimova, the famous Russian actress, who is appearing in "The Matrimonial," is always interested in the superstitions of stage people in America, because in her native country actors and actresses follow very strict rules in their superstitions.

"The Matrimonial" is a comedy, which has taken to comedy, is quite frank in admitting that she is a bit superstitious herself.

"Mrs. Naimova," it is considered frightfully bad luck to have three candles burning in your dressing room. And no one ever dares to whistle on the stage. "That is because," she says, "if I drop my part during rehearsal I allow no one to pick it up for me, because I must do it down at the moment it fell. If I do that everything will be all right. But if I fall to act on it—well, I know it's silly, but I'd be almost willing to take that play to be a failure!"

CHANCE KNOCKS CUBS.

Albuquerque, N. M., Oct. 26.—(By telegraph) here on his way to Los Angeles, Frank Chalmers, manager of the Chicago National league baseball club, tonight declared the team would be in the second division in 1913.

"The club next season, in the second division team, and everybody knows it," he said. "I'm sorry about it, but I'm not responsible. I refused to give my money with which to get my players, and he is now face to face with the condition that I predicted."

RECEIPTS

Perhaps not often received, but at the same time when they are needed you will feel better if you have a printed one of your own to issue, rather than having to hand out an elaborately written contraption of a "before the war" appearance.

We get them up in every style and the prices are reasonable you will wonder why you wait so long without them. Our charge for printing is worth—no more, no less.

WARMER DINNER, HOUSE BEANS.
When workers employed in the house being built at the corner of Stony Plain road and Twenty-fifth street, warmed up their dinner on the fire in the fireplace, they warmed things up a little too much. It happened that the fireplace was badly constructed and the wood at the back ignited. By the time the fire had eaten its way through the wall behind the stove, about \$400 damage was done. Enders and Payne are the owners of the building.

The firemen on the south side also had a call today. No. 4 responded to 3:30 this morning to an alarm from the corner of Fourth street east and First street north. A cook stove in a boarding car, where railway employees were dining, had become overheated and the flames broke out.

ARCHAEOLOGICAL INSTITUTE.
The second regular lecture in the winter series of the Edmonton Society of the Institute will be given on the evening of Thursday, October 21, at eight thirty o'clock in the Physics Theatre of the Edmonton High School building. The subject for the evening is "A Roman Farmhouse and its Buried Treasure." It is an account of a typical Roman country house and the destruction of the same in the great eruption of Vesuvius, 79 A.D. The lecture is said to be particularly well illustrated, and a combination of good slides with the excellent lantern.

The High School building should give splendid effect.

But perhaps the most important point in connection with the evening is that the lecturer will be Prof. Francis W. Kelsey, of the University of Michigan, Ann Arbor, Mich. Prof. Kelsey is president of the Canadian Archaeological Institute of America, of which the Edmonton society is a branch, and he visits the city on the course of a tour through the northwest, and he visits the city on the course of a tour through the northwest.

EAST MIDDLESEX HAS
EXCITING DEFECTION

George W. Wells, Conservative Candidate, to be elected over William Sutherland, Independent, by a majority of 251—Leaders of Both Parties Took Part.

The election took place in the by-election in East Middlesex today to fill the vacancy caused by the death of Robert Sutherland, M.P. The Conservative candidate, George W. Wells, was elected over William Sutherland, Independent, by a majority of 251.

The defeated candidate is a member of the deceased member who had a majority of about 250 in the last election.

The vote cast was slightly less than that of last December, although the interest in the campaign was intense and during the last week there have been three or four meetings a night.

Sir James Whitham and three of his ministers were in the riding in Mr. Wells' behalf and the Liberal leader, Mr. W. Wells, campaigned for Mr. Sutherland, who had adopted his place of "abandon the bar" in the closing weeks of the campaign.

The majority in the riding was 251, with Mr. Wells, Conservative, against Mr. Sutherland, Independent, by a majority of 251.

Only about half the usual vote (about 1,272) in a three-cornered contest with Allen Hurst, the Independent, and Mr. Sutherland, the Conservative, and Mr. Wells, the Liberal, was cast.

The returns are not complete.

AMERICAN SWANS
SHOT NEAR CAMROSE

James Spencer of this Town, Secures a Pair of White Headed American Swans in the North West.

Special to the Bulletin.
Camrose, Oct. 20.—On Monday last, Mr. James Spencer, of Camrose, shot two American swans (Cygnus Americanus), on Lake Joseph, about twenty miles northwest of Camrose.

The swans were shot in the north end of the lake, by no means common in any part of the world. There are two varieties in North America, the "Trumpeter" and the "American". The "Trumpeter" is distinguished from the former by its larger size, being about 18 inches in length, while the "American" will average 15 inches. The "American" swans are in species, and are quite white while the bill of the larger variety is all black.

The specimens shot by Mr. Spencer are likely young birds as they are quite singly in color and measure only 17 inches in length. There were five in the flock and Mr. Spencer's person, including the swans, that two of them were aged birds.

The swans breeds in the north end of the lake, although there is a nest here with five eggs, on April 7, 1931, at Buffalo Lake, fifty miles south of Camrose.

They generally pass here for the first time in the spring migration early in April and return to winter on the Gulf of Mexico about the middle of October. The flock is considered a great discovery.
